Summary

Full Stack Web Developer driven by a deep passion for innovation and creation. With expertise in the MERN stack, REST API development, and core web technologies like JavaScript (ES6), React, Node.js, MongoDB, Express, HTML, and CSS, I excel in crafting dynamic and intuitive web applications that prioritize user experience.

My professional journey has been marked by a relentless pursuit of knowledge and creativity. With over a decade of experience in Graphic and Editorial Design, I bring a unique blend of artistic flair and technical acumen to my development projects.

Drawing from my diverse background, including a stint as a chef where I honed my skills in adaptability and attention to detail, I approach every development challenge with a fresh perspective and an unwavering commitment to excellence.

Education

Full Stack Web Developer Certification

Ironhack 2024

- 3 months intensive Web Development Training | +400 hours. 3 big projects
- Built and deployed web apps based on MERN stack connected to REST API: HTML, CSS, JavaScript (ES6), React JS, Express.js, Node.js, MongoDB, Mongoose, Postman.
- Workflow using git and GitHub. Working with API designs.

Learning: Typescript & Nodejs

Projects

EventSlap

Full-stack application that allows logged-in users to manage all the events and venues that they own in the database, doing full CRUD.

SPA frontend, built with React, consisting of multiple views and implementing all CRUD actions for logged users.

REST API backend built with Express.js, MongoDB, and Mongoose.

TopTravelTips

This project consists of multiple views, providing a user-friendly interface for exploring and sharing travel advice.

Single Page Application (SPA) using React. Integrated with an external API, the React application allows users to perform CRUD operations.

Relevant Experience

Graphic and Editorial Designer

2015 – 2023

Freelance

Remote/ Lisbon

- Developed graphic design projects (brochures, logos, infographics, advertisements), increasing client satisfaction by 20%.
- Demonstrated deep understanding of user experience principles.
